

Introduction

An Amazing phenomenon is found in the Quran, which could bewilder the brightest minds in the world. A book which was revealed in the age of ignorance over 1400 years ago when there were no computers, no calculators, no modern mathematics and limited science, regardless of all that a mathematical pattern is found in the this book, associating verses from different chapters correspond with each other and reveal new information using simple math's of division by Prime number 19.

This book uses this coding system to enhance and procreate new information from different verses and different chapters brought together in this way. Thus gaining incite to the most hidden and astonishing facts in the Quran which lay hidden for over 1400 years.

This book is must for anyone scholar, layman, child, adult, man or woman, from any religion. This book will increase the knowledge of the knowledgeable and give a good foundation for a beginner to get real sense of what this mathematical code does and how great is the Quran.

This book Mistaken Beliefs features new information from the Quran. When one reads the Quran, the first impressions of the context of the verses of the Quran might reveal information which is correct within but could have hidden meanings. This book goes beyond that point and reveals hidden information from the Quran by gathering different verses from different parts of the Quran which are linked by the Mathematical Miracle of 19. Hence what one reads in the first instance might not be what it only means thus exposing "Mistaken Beliefs"!!!!

Chapter 30 verse 27

09 August 2014
14:53

[2:164] In the creation of the heavens and the earth, the alternation of night and day, the ships that roam the ocean for the benefit of the people, the water that GOD sends down from the sky to revive dead land and to spread in it all kinds of creatures, the manipulation of the winds, and the clouds that are placed between the sky and the earth, there are sufficient proofs for people who understand.

[30:26] To Him belongs everyone in the heavens and the earth; all are subservient to Him.

[30:27] And He is the One who initiates the creation, then repeats it; **this is even easier for Him**. To Him belongs the most sublime similitude, in the heavens and the earth, and He is the Almighty, Most Wise.

[68:1] NuN, the pen, and what they (the people) write.

The "initiation of creation" and its repetition of it, is it only the "initiation of creation" of living things or it has a wider prospective as mentioned in (30:27).

Indeed (2:164) defines some aspects of creation, which are wider than just creation of living things. So how do we find the connection between the word "creation" mentioned in (2:164) and (30:27)? The answer is we use the Mathematical Miracle of 19 as follows;

(30:26) and (30:27) are related because of the verse (30:27) starts with "And" which means (30:27) is continuation of (30:26). This means that both these verse numbers are included in the 19 based code. (2:164) and (30:26-27) when concatenated are multiple of 19. First $(26+27=53)$ $30\ 53\ 2\ 164 = 1606956 \times 19$.

This code confirms strong correlation between the three verses where the common factor in question is the meaning of "creation" which is mentioned in the two of the three verses. Thus expanding the meaning of "creation" to be more than creation of living things as described in (2:164).

Now the question arises to what extent does the meaning of "creation" extend to?

To answer this question one has to look at the verse (30:27) in particular the bold underlined part of this verse which says "this is even easier for Him". The word "Him" with the capital H is referring to God. And what it implies is that some event which can be accomplished by humans is even easier for God to do!

So what event is this verse referring to?

In the theme of things it is relevant to imagine that these "events" are creation of documents, because humans are able to write. But the human writing is different from the revelations from God.

To prove this scenario when we use verse (68:1) and (30:26 - 27) and add the chapter numbers and the verses we get the following;

$30 + 26 + 27 + 68 + 1 = 152$ which is exactly 8×19 .

This code confirms strong correlation between these three verses. Thus confirming the fact that the word "creation" in (30:27) extends its meaning to include writings and that God is saying to us that it is even easier for God to provide revelations from Him to the sincere believers.

The code here is additions of the chapter and verse numbers and wherever that happens it means that the code implies the application of the context of the verses involved. Here it simply means that what "this is easier for Him" means is indeed His revelations to the sincere believers.

Chapter 37 verse 37

Quran confirms finality of Messengers!!

Quran is fully detailed. This fact is mentioned in the Quran many times such as follows which include some but not all instances;

Quran: Fully Detailed

[6:114] Shall I seek other than GOD as a source of law, when He has revealed to you this book fully detailed?* Those who received the scripture recognize that it has been revealed from your Lord, truthfully. You shall not harbor any doubt.

Quran: Fully Detailed

[7:52] We have given them a scripture that is fully detailed, with knowledge, guidance, and mercy for the people who believe.

[10:37] This Quran could not possibly be authored by other than GOD. It confirms all previous messages, and provides a fully detailed scripture. It is infallible, for it comes from the Lord of the universe.

Therefore it only makes sense that Quran will confirm the finality of the messengers. Following is the verse confirms this fact which was revealed to Muhammad.

Now the question is who would be the final messenger?

The answer is that this messenger would be mentioned in the Quran and secondly is coded with this verse (37:37). Indeed Al-Muzzammil is this messenger who has been mentioned in chapter 73. The geometric value of Al-Muzzammil is 148. And when we add the chapter and verse (37:37) with chapter and verse (73:1) where Al-Muzzammil is addressed we get;

$37 + 37 + 73 + 1 = 148$.

The above code spells out the geometric value of the final messenger which is geometric value of Al-Muzzammil. Thus the final messenger mentioned in the Quran is Al-Muzzammil.

However, any true believer giving message from the Quran is indeed a messenger by definition of the word messenger. But this messenger will not be mentioned in the Quran.

[37:37] In fact, he has brought the truth, and has confirmed the messengers.

Chapter 17 verse 5

10 August 2014

11:37

[17:5] "When the first time comes to pass, we will send against you servants of ours who possess great might, and they will invade your homes. This is a prophecy that must come to pass.

This verse is misunderstood by millions of Muslims all over the world. This verse has been misconstrued to be some victory happening before the time of Muhammad.

However, the fact is that this victory is more recent, in fact it is the victory for Muhammad and his followers when they conquered Mecca.

The following verses which confirms one episode of Muhammad and his followers wining a battle in quest to conquer Mecca;

During Muhammad's Time

[33:25] GOD repulsed those who disbelieved with their rage, and they left empty handed. GOD thus spared the believers any fighting. GOD is Powerful, Almighty.

[33:26] He also brought down their allies among the people of the scripture from their secure positions, and threw terror into their hearts. Some of them you killed, and some you took captive.

[33:27] He made you inherit their land, their homes, their money, and lands you had never stepped on. GOD is in full control of all things.

When we add the chapter numbers and the verses for all these verses we get;

$17 + 5 + 33 + 25 + 26 + 27 = 133$ which is 19×7 .

This confirms the fact that (17:5) is a victory for Muhammad and his followers for the first time of Mecca. The second conquering of Mecca is yet to happen.

Chapter 37 verse 8

10 August 2014

15:45

[37:7] We guarded it from every evil devil.

[37:8] **They cannot spy on the High Society**; they get bombarded from every side.

[38:69] "I had no knowledge previously, about the feud in the **High Society**."

When you observe the verses which appear at the top you might wonder if the "High Society" mentioned in (37:8) and (38:69) is the same one or not?

The Mathematical Miracle of 19 confirms that they are. See the code below;

$37 + 8 + 38 + 69 = 152$ which is 8×19 exactly confirming the fact that the "High Society" mentioned in (38:69) is the same "High Society" mentioned in (37:69).

Chapter 97 verses 1-3

16 August 2014

17:34

[97:1] We revealed it in the Night of Destiny.

[97:2] How awesome is the Night of Destiny!

[97:3] The Night of Destiny is better than a thousand months.

The Night of Destiny is the 27th night of the Month of Ramadan (month 9 in Lunar calendar), but up till now this date has not been proven.

Today with the help of the Miracle of 19 described in the Quran in (74:30-35) as one of the great Miracles we have proof of this event, with little help from the history of that time.

History tells us that this happened in 13 BH (Before Immigration of Muhammad from Mecca to Medina) so we know that this event (Summoning of Muhammad to High Heavens in order to reveal the Quran) happened on 27 of Ramadan (9th month in the Lunar calendar) 13 BH.

When we add the chapter 97 and verses 1, 2 and 3 with the day month and year as described above we get complete multiple of 19, confirming the fact that "The Night of Destiny" was the 27th of Ramadan which happened in 13 BH;

$97 + 1 + 2 + 3 + 27 + 9 + 13 = 152$ which is 8×19 . Eight is Position "Issues", indeed the disbelievers have made this into an issue they believe that Muhammad went to high heaven on a flying horse. Indeed if this was true then Muhammad would still be travelling towards High Heaven.

Chapter 2 verse 30

16 August 2014

20:37

Satan: A Temporary "representative"

[2:30] Recall that your Lord said to the angels, "I am placing a representative (a temporary representative) on Earth." They said, "Will You place therein one who will spread evil therein and shed blood, while we sing Your praises, glorify You, and uphold Your absolute authority?" He said, "I know what you do not know."

[38:82] He said, "I swear by Your majesty, that I will send them all astray.

The temporary representative mentioned in (2:30) is misinterpreted by some to be humans, but with the help of the Miracle of 19 it has been proven to be Satan. (38:82) is Satan addressing God, thus he is the main component of this verse. Therefore this verse exemplify Satan.

When we add the chapters and verses above we get multiple of 19, thus removing any doubt who the "temporary representative" mentioned in (2:30) is. Indeed it is Satan and his progeny.

Chapter 4 verse 90

16 August 2014

21:01

[4:89] They wish that you disbelieve as they have disbelieved, then you become equal. Do not consider them friends, unless they mobilize along with you in the cause of GOD. If they turn against you, you shall fight them, and you may kill them when you encounter them in war. You shall not accept them as friends, or allies.

[4:90] Exempted are those who join people with whom you have signed a peace treaty, and those who come to you wishing not to fight you, nor fight their relatives. Had GOD willed, He could have permitted them to fight against you. Therefore, if they leave you alone, refrain from fighting you, and offer you peace, then GOD gives you no excuse to fight them.

[60:8] GOD does not enjoin you from befriending those who do not fight you because of religion, and do not evict you from your homes. You may befriend them and be equitable towards them. GOD loves the equitable.

[60:9] GOD enjoins you only from befriending those who fight you because of religion, evict you from your homes, and band together with others to banish you. You shall not befriend them. Those who befriend them are the transgressors.

You can communicate with people with different beliefs even when they did not accept the message, as long as they are peaceful.

(4:89) clarifies a point that the disbelievers who know and what your belief is, because they want you to disbelieve in what you believe in. In the situation like that one can have peace with them unless they are aggressive towards you because of your religion.

When we add chapters and verses (4:90) & (60:8-9) we get complete multiple of 19. Confirming the fact under what condition one can behave well against the disbelievers. These disbelievers might be colleagues at work or school or neighbours or relatives.

$4 + 90 + 60 + 8 + 9 = 171$ which is 9×19 .

Chapter 89 verses 1 -2

16 August 2014
21:16

[2:187] Permitted for you is sexual intercourse with your wives during the nights of fasting. They are the keepers of your secrets, and you are the keepers of their secrets. GOD knew that you used to betray your souls, and He has redeemed you, and has pardoned you. Henceforth, you may have intercourse with them, seeking what GOD has permitted for you. You may eat and drink until the white thread of light becomes distinguishable from the dark thread of night at dawn. Then, you shall fast until sunset. Sexual intercourse is prohibited if you decide to retreat to the masjid (during the last ten days of Ramadan). These are GOD's laws; you shall not transgress them. GOD thus clarifies His revelations for the people, that they may attain salvation.

[89:1] By the dawn.

[89:2] And the ten nights.

If one retreats to Mosque for the last ten nights of Ramadan during fasting for serious praying and meditating, one cannot have sex.

This fact was interpreted in (2:187) above by Dr Rashad Khalifa. However until now there was no proof available that this interpretation was correct.

Since (2:187) and (89:1-2) are unique verses we can leave the chapter numbers out of the code; $187 + 1 + 2 = 190$ which is 10×19 .

This code confirms the fact that in order to retreat to mosque during Fasting in the month of Ramadan it has to be the last ten nights towards the end of Ramadan, where one is prohibited of having sex.

Chapter 27 verse 82

17 August 2014
10:42

The Computer Is The Creature

[27:82] At the right time, we will produce for them a creature, made of earthly materials, declaring that the people are not certain about our revelations.

The name of the first computer ever made was ENIAC alif = 1, Noon = 50, Yae = 10, Kaaf = 20 = gv 81 when added to (27:82) we get complete multiple of 19;

$27 + 82 + 81 = 190$ which is 19×10 .

ENIAC was completed its construction in 1946 in America, which is the fulfilment of the prophecy stated in (27:82). And after further computer research both by Dr Rashad Khalifa in 20th century and by Al-Muzzammil in 21st century has proven the fact that people are not certain about God's revelations driven from the Mathematical Miracle of 19 and the Quran.

Also this computer was launched on 14/02/1946, when we add the day, month, year with the chapter and verse (27:82) above we get complete multiple of 19;

$14 + 2 + 1946 + 27 + 82 = 2071$ which is 109.

Thus reconfirming that ENIAC is the computer referred in (27:82). This verse mentions "time" which indeed is what has been confirmed in the last code above.

Chapter 68 verse 48

17 August 2014
10:55

[68:48] You shall steadfastly persevere in carrying out the commands of your Lord. Do not be like (Jonah) who called from inside the fish.

[73:1] O you cloaked one.

On 19th March 2009 I had a dream more like a vision during the night that Jonah and I have some sort of relationship, my nick name is JoJi which means in Urdu Jo "what ever" Ji "yes", similarly JoNah has meaning "Whatever" Nah "No", thus the names contradict each other.. When I got up I had strong feeling to investigate this. Thus this code was confirmed. $190 = 10 \times 19$, number 10 is the

chapter called Jonah, thus it inspire that 68:48, I am not like Jonah as the name suggest and advised to remain this way...i.e. total submitter and despise the illness dedicate and follow commands from God

$68 + 48 + 73 + 1 = 190$ which is 19×10 .

Chapter 72 verse 28

17 August 2014

11:04

[72:27] Only to a messenger that He chooses, does He reveal from the past and the future, specific news.

[72:28] This is to ascertain that they have delivered their Lord's messages. He is fully aware of what they have. He has counted the numbers of all things.

One of the Great Miracles the Miracle of 19

[74:35] This is one of the great miracles.

The past & future news is revealed through the miracle of 19 and the Quran through messengers like Dr Rashad Khalifa and Al-Muzzammil (aka Ijaz Chaudry);

$72 + 28 + 74 + 35 = 209$ which is 11×19 .

Chapter 4 verse 142

17 August 2014

11:13

[4:142] The hypocrites think that they are deceiving GOD, but He is the One who leads them on. When they get up for the Contact Prayer (Salat), they get up lazily. That is because they only show off in front of the people, and rarely do they think of GOD.

[9:54] What prevented the acceptance of their spending is that they disbelieved in GOD and His messenger, and when they observed the Contact Prayers (Salat), they observed them lazily, and when they gave to charity, they did so grudgingly.

This code confirms that reading Salat Lazily in 9:54 and 4:142 are the same also it says in 4:142 that the disbelievers do not remember God in Salat a lot (... and rarely do they think of God), the Salat should be totally devoted to GOD;

[72:18] The places of worship belong to GOD; do not call on anyone else beside GOD.

However, today Muslims mention Abraham, and Muhammad in their Salat.

$4 + 142 + 9 + 54 = 209$ which is 11×19 .

Chapter 106 Quraish Tribe

17 August 2014

11:34

[27:76] This Quran settles many issues for the Children of Israel; issues that they are still disputing.

The issue settled here is "who were the Quraish Tribe?".

Today the Jews and The Children of Israel are believed by many to be the one and the same people. However, they do not understand a simple but relevant point which is that Jews are the people who practice religion called Judaism whilst The Children of Israel is a community who are descendant of Israel (Jacob). Hence there could be some Jews who are from The Children of Israel descent but it is not necessary that all Jews are also The Children of Israel.

It is a historical fact the Muhammad came from the Quraish tribe. And when we add chapter number 106 which is titled "Quraish" with (27:76) we get complete multiple of 19;

$106 + 27 + 76 = 209$ which is 11×19 .

This code confirms the fact that Quraish are descendent of The Children of Israel. Also Quran is clear that the scripture was inherited by The Children of Israel;

[40:53] We have given Moses the guidance, and made the Children of Israel inherit the scripture.

Indeed today Palestine and Israel is at war. Things might be different if they realise they might be the same people .i.e. The Children of Israel.

Chapter 2 verse 133

17 August 2014

11:59

[2:133] Had you witnessed Jacob on his death bed; he said to his children, "What will you worship after I die?" They said, "We will worship your god; the god of your fathers Abraham, Ismail, and Isaac; the one god. To Him we are submitters."

[9:84] You shall not observe the funeral prayer for any of them when he dies, nor shall you stand at his grave. They have disbelieved in GOD and His messenger, and died in a state of wickedness.

$2 + 133 + 9 + 84 = 228$ which is 12×19 .

(9:84) is talking about not doing Funeral Prayers for the disbelievers but does it also mean we do Funeral Prayers for the believers. Indeed (2:133) is talking about Jacob who was a prophet and a believer at his death bed.

Thus the code confirms the fact that we should do "Funeral Prayers" for the believers. Following is the link to do correct funeral prayers derived from the Quran;

http://al-muzzammil.com/other_rites/Funeral_Prayer.html

Chapter 29 verse 27

17 August 2014

12:09

[29:27] We granted him (Abraham) Isaac and Jacob, we assigned to his descendants prophet hood and the scriptures, we endowed him with his due recompense in this life, and in the Hereafter he will surely be with the righteous.

Geometric value of Abraham is 258. When this value is added to the verse number where the name "Abraham" is missing we get complete multiple of 19;

$27 + 258 = 285$ which is 19×15 .

The reason why the chapter number was not used in the above calculation was that because this verse is unique where it says that prophet hood was granted to their descendants.

Chapter 17 verses 26-30

17 August 2014

13:43

Zakat Must Be Given "On The Day Of Harvest"

[6:141] He is the One who established gardens, trellised and untrellised, and palm trees, and crops with different tastes, and olives, and pomegranate - fruits that are similar, yet dissimilar. Eat from their fruits, and give the due alms on the day of harvest, and do not waste anything. He does not love the wasters.

[17:26] You shall give the due alms to the relatives, the needy, the poor, and the traveling alien, but do not be excessive, extravagant.

[17:27] The extravagant are brethren of the devils, and the devil is unappreciative of his Lord.

[17:28] Even if you have to turn away from them, as you pursue the mercy of your Lord, you shall treat them in the nicest manner.

[17:29] You shall not keep your hand stingily tied to your neck, nor shall you foolishly open it up, lest you end up blamed and sorry.

[17:30] For your Lord increases the provision for anyone He chooses, and reduces it. He is fully Cognizant of His creatures, Seer.

(17:26-30) verses are addressing the issue of how much Zakat (Obligatory Charity) one should give. (6:141) is the verse where the issue of when the Zakat should be given. Both (6:141) and (17:26) has a common theme in it which is "alms" which is Zakat specific trait. Since Zakat is to do with giving the word "alms" is there to describe its attribute.

(17:28) describe another aspect of Zakat, when one is not capable of giving because of their financial situation. In this instance what one must do to the people who once you use to give Zakat to.

In brief (17:26-30) is saying give Zakat as much or as little as one can afford comfortably. People who give 2.5% Zakat are not following the Quran. They must correct their ways else they will be included in the disbelievers.

$17 + 26 + 27 + 28 + 29 + 30 + 6 + 141 = 304$ which is 16×19 .

The reason why (6:141) is included in the code above is because (6:141) was recognised to be related to Zakat although the word "Zakat" is not mentioned in this verse. Similarly (17:26-30) has not got the word "Zakat" mentioned in it, but we know that it is talking about Zakat. This is because both (6:141) & (17:26-30) use the same word "alms". Therefore the strong correlation between these two sets of verses confirms the fact that both are talking about Zakat due to the code above.

Chapter 7 verse 150

17 August 2014

17:14

Name missing in the verse confirmed.

[7:150] When Moses returned to his people, angry and disappointed, he said, "What a terrible thing you have done in my absence! Could you not wait for the commandments of your Lord?" He threw down the tablets, and took hold of his brother's head, pulling him towards himself. (Aaron) said, "Son of my mother, the people took advantage of my weakness, and almost killed me. Let not my enemies rejoice, and do not count me with the transgressing people."

Geometric value of Aaron is 261. when we add the chapter number the verse number and the geometric value of Aaron we get complete multiple of 19;

$7 + 150 + 261 = 418$ which is 22×19 .

Chapter 17 verses 110 - 111

17 August 2014

17:21

[17:110] Say, "Call Him GOD, or call Him the Most Gracious; whichever name you use, to Him belongs the best names." You shall not utter your Contact Prayers (Salat) too loudly, nor secretly; use a moderate tone.

[17:111] And proclaim: "Praise be to GOD, who has never begotten a son, nor does He have a partner in His kingship, nor does He need any ally out of weakness," and magnify Him constantly.

[56:74] You shall glorify the name of your Lord, the Great.

[87:1] Glorify the name of your Lord, the Most High.

(17:110 - 111) is in essence description of the basic context of the Salat, because that's what you do when you recite Salat, one Glorifies and Praise God and Magnify God constantly in Salat. And when we bow in Salat we say (56:74) and when we prostrate in Salat we say (87:1).

Also when you read (56:74) & (87:1) you will realise that these are commands thus they can only be applied to Salat. Any doubt left is clarified by the Mathematical Miracle of 19 as follows;

$17 + 110 + 111 + 56 + 74 + 87 + 1 = 456$ which is 24×19 .

Chapter 40 verse 53

17 August 2014

17:35

[40:53] We have given Moses the guidance, and made the Children of Israel inherit the scripture.

Geometric value of the Quran is 382 when we add this to the chapter number and verse number above we get complete multiple of 19;

$40 + 53 + 382 = 475$ which is 25×19 .

This code confirms the fact mentioned in (40:53) which is that the Arabs are The Children of Israel who inherited the scripture after Moses namely the Quran.

Chapter 11 verse 81

17 August 2014

17:41

[11:81] (The angels) said, "O Lot, we are your Lord's messengers, and these people cannot touch you. You shall leave with your family during the night, and let not anyone of you look back, except your wife; she is condemned along with those who are condemned. Their appointed time is the morning. Is not the morning soon enough?"

It has been contested that Quran prohibits male homo sexuality but not female homo sexuality. This is not true Quran forbids both homo sexualities.

When you read verse (11:81) it says clearly that Lot's wife was condemned along with all male homo sexual. This could only mean one thing that Lot's wife was lesbian. This is deduced on the basis that all the male homo sexual were condemned because of their homo sexual behaviour. Thus it implies that Lot's wife must also had been condemned because of her homo sexual behaviour.

This doubt is removed totally by the following code;

Lesbianism in Arabic is called "Shazun Ginsia" with there geometric values are 124 and 308 respectively. Since (11:81) is a unique verse when we add the geometric values above with this verse we get complete multiple of 19;

$81 + 124 + 308 = 513$ which is 27×19 .

Chapter 75 verses 17-19

21 August 2014

19:29

[75:17] It is we who will collect it into Quran.

[75:18] Once we recite it, you shall follow such a Quran.

[75:19] Then it is we who will explain it.

Dr Rashad Khalifa suggested that Muhammad did not explain the Quran. However, when you look at these verses closely with the help of the Miracle of 19, another scenario appears.

You would agree with (75:17 & 18) where it is suggesting that Muhammad including other entities (their identity will be revealed soon) helped collect the Quran and also recite the Quran to the people in his time when he was alive. If you agree with this argument then you would also should agree with (75:19) to be where all these entities explained the Quran which includes Muhammad.

Lets identify all entities mentioned in (75:17-19) and remove any doubt we might have of Muhammad being included in these entities who explained the Quran;

Geometric value of Allah is 66

Geometric value of Gabriel is 245

Geometric value of Muhammad is 92

When we add all these geometric values with the chapter and verses mentioned above we get complete multiple of 19, confirming the fact that Muhammad, Gabriel and Allah (God) all contribute in explaining the Quran.

$75 + 17 + 18 + 19 + 92 + 245 + 66 = 532$ which is 28×19 .

The Position is 8 which describes "Issues", indeed people have made issue out of these verses and say that Muhammad did not explain the Quran. They do not realise that **Muhammad had to explain all rites of Islam which were corrupt before he arrived which would have been from the Quran.**

There still might be an issue with some about verse (75:18) where they might say "we have never heard of God reciting the Quran". For those people I would like to quote the following verse;

God Is Doing Everything

[8:17] It was not you who killed them; **GOD is the One who killed them. It was not you who threw when you threw; GOD is the One who threw.** But He thus gives the believers a chance to earn a lot of credit. GOD is Hearer, Omniscient.

Also from this code and through revelation of the identity of the entities involved in the collection, recitation and explanation of the Quran, we find out the Gabriel recited the revelations to Muhammad in (75:18). This has never been comprehended before Mashalla (God's Gift). No one was sure how Gabriel revealed the Quran to Muhammad before this code was found.

Chapter 5 verses 20-26

24 August 2014

11:11

[5:20] Recall that Moses said to his people, "O my people, remember GOD's blessings upon you: He appointed prophets from among you, made you kings, and granted you what He never granted any other people.

[5:21] "O my people, enter the holy land that GOD has decreed for you, and do not rebel, lest you become losers."

[5:22] They said, "O Moses, there are powerful people in it, and we will not enter it, unless they get out of it. If they get out, we are entering."

[5:23] Two men who were reverent and blessed by GOD said, "Just enter the gate. If you just enter it, you will surely prevail. You must trust in GOD, if you are believers."

Despite All the Miracles They Saw

[5:24] They said, "O Moses, we will never enter it, so long as they are in it. Therefore, go - you and your Lord - and fight. We are sitting right here."

[5:25] He said, "My Lord, I can only control myself and my brother. So, allow us to part company with the wicked people."

[5:26] He said, "Henceforth, it is forbidden them for forty years, during which they will roam the earth aimlessly. Do not grieve over such wicked people."

After Moses people had seen many Miracles from God and parting of the Sea and drowning of Pharaoh only Moses and his brother entered the Bait ul Haram (the honourable house) referred to Kabaa in Mecca. Such is the disbelieve of the disbelievers.

So how do we know that the Holy Land to be Bait ul Haram and not Jerusalem as believed by the majority. The answer is that when we take geometric value of Bait ul Haram which is 751 and add to the verses 20, 21, 22, 23, 24, 25 and 26 we get complete multiple of 19;

$20 + 21 + 22 + 23 + 24 + 25 + 26 + 751 = 912$ which is 48×19 .

The Position in the above code is 8 which is described as "Issues", indeed many people will have issues with this code because of the bad propaganda by Christians and Jews that the Holy Land is Jerusalem.

Chapter 1 verse 2

24 August 2014

11:47

Translation done by Dr Rashad Khalifa

[1:2] Praise be to GOD, Lord of the universe.

Correct Translation

[1:2] Praise be to GOD, Lord of the worlds.

The Arabic translation of the word used in this verse is Al-Alameen is also "The Worlds", but Rashad translated into Universe. This even in its context is wrong because God is Lord of Seven Universes not just one.

Describing the worlds in another way would be allegorically speaking "The Earths" in Arabic it would be "Al-Aradeena" which has geometric value of 1092. When we concatenate this with (1:2) we get complete multiple of 19;

1092 1 2 which is 5748×19 exactly.

Confirming the fact that the correct translation is "the worlds". Verse 2 of Chapter 1 is the first occurrence of the word "Alameen" therefore it sets de facto standard for other occurrences of the same word.

Chapter 25 verses 4-5

24 August 2014

12:50

[25:4] Those who disbelieved said, "This is a fabrication that he produced, with the help of some other people." They have uttered a blasphemy and a falsehood.

[25:5] They also said, "Tales from the past that he wrote down; they were dictated to him day and night (were not copied)."

The missing words in (25:5) "were not copied" or Lum Nuskhaha" geometric value 70 & 719, when we add these gv's with the two verses we get complete multiple of 19;

$4 + 5 + 70 + 719 = 798$ which is 42×19 .

Thus the above code confirms the fact that Quran was not copied from Torah or Gospel.

Chapter 18 verse 6, Chapter 39 verse 23

25 August 2014

11:59

[18:4] And to warn those who said, "GOD has begotten a son!"

[18:6] You may blame yourself on account of their response to this narration, and their disbelieving in it; you may be saddened.

[39:23] GOD has revealed herein the best Hadith; a book that is consistent, and points out both ways (to Heaven and Hell). The skins of those who reverence their Lord cringe therefrom, then their skins and their hearts soften up for GOD's message. Such is GOD's guidance; He bestows it upon whoever wills (to be guided). As for those sent astray by GOD, nothing can guide them.

[39:25] Others before them have disbelieved and, consequently, the retribution afflicted them whence they never expected.

The two sets of verses above point to Quran being "Source of History" by referring to other two verses (18:4) and (39:25) where the narrative is referring to moments in the past.

The code is based on (18:6), (39:23) and the geometric value of "Alimul Tareehk" which 1382 and means "Source of History" in English. The codes are as follows;

$18 + 6 + 1382 = 1406$ which is 74×19 . (a)

$39 + 23 + 1382 = 1444$ which is 76×19 . (b)

(a) the Position is 4 which is "Act of Righteousness" indeed what the messenger in (18:4) is doing is an act of righteousness.

(b) the Position is 6 which is "Caution", indeed (39:23) can lead one to either Heaven or Hell. Hence it is advised to be cautious.

The context of the verses involved above and Positional descriptions which correspond to those verses all confirm that the coding system is working and is correct.

Chapter 9 verses 1-127 and Chapter 13 verse 39

25 August 2014

13:59

[13:39] GOD erases whatever He wills, and fixes (whatever He wills). With Him is the original Master Record.

Chapter 9 have injected verses 128 and 129. This code confirms once again that there are only 127 verses in the Chapter 9.

(13:39) confirms this fact and re-instates the correct verses through the Mathematical Miracle of 19;

When we add verses from chapter 9, 1 till 127 we get sum of 8128. And when we add chapter number 9 and the chapter and verse 13 and 39 respectively we get complete multiple of 19;

$8128 + 9 + 13 + 39 = 8189$ which is 431×19 .

Position 1 is "Scenario Described" and the scenario is as follows;

The disbelievers have added two false verses 128 & 129. In these verses Muhammad is described as merciful. In (9:61) God describes Muhammad as "He is mercy for those among you who believe". Mercy in this context is perfectly okay because it is derived from God. However, calling Muhammad as merciful (adjective) is not quite right because within Quran only God is described as Merciful. Therefore describing a human being merciful in the Quran does not fit in.

The Level is 4 "Verses which can be extrapolated", indeed this level is referring to the time when these verses were injected in the past.

Chapter 4 verse 43

30 August 2014
10:58

(4:43) O you who believe do not observe the Contact Prayers (Salat) while intoxicated so that you know what you are saying. Nor after sexual orgasm without bathing unless you are on the road travelling; if you are ill or travelling or you had urinary or faecal-related excretion (such as gas) or contacted the women (sexually) and you cannot find water (under suppression) you shall observe Tayammum (dry ablution) by touching clean dry soil then wiping your faces and hands therewith. GOD is Pardoner Forgiver.

*Missing words "such as gas" or Muthal Al-Ghaz their respective gv's are 570, 31 & 1007, "sexually" or Al-Jinsi their respective gv's are 31 & 123. $43 + 570 + 31 + 1007 + 31 + 123 = 1805 = 95 \times 19$. The position 5 is "Gift", indeed this leniency is gift from GOD. **Al-Muzzammil

Also words missing "under suppression" or in Arabic Duhla Quma there respective geometric values are 830 & 210. When we add these with the verse mentioned above we get complete multiple of 19;

$43 + 830 + 210 = 1,083$ which is 57×19 & 57 which is 3×19 .

Position 3 describes "Principle or Rule Clarified", indeed the above code clarifies the rules of Dry Ablution.

Whilst at work one can be okay to do dry ablution according to the second code, especially when one is a foreign country like America or UK where the majority is Christians owned companies where one works. And where you might feel little suppressed.

Chapter 9 verse 54

30 August 2014
11:20

[9:54] What prevented the acceptance of their spending is that they disbelieved in GOD and His messenger, and when they observed the Contact Prayers (Salat), they observed them lazily, and when they gave to charity, they did so grudgingly.

[73:1] O you cloaked one.

The Salat and Zakat not constituted by God and Al-Muzzammil is not accepted by God. (73:1) is where Al-Muzzammil is mentioned and (9:54) is where this prohibition is mentioned when we concatenate these chapters and verses in a logical and consistent way we get complete multiple of 19;

9 54 73 1 which is 50249 x 19.

Indeed Al-Muzzammil has constituted the Salat and Zakat from Quran using the Mathematical Miracle of 19. And Quran is the Word of God.

Chapter 2 verse 133

30 August 2014

11:47

[2:133] Had you witnessed Jacob (Israel) on his death bed; he said to his children, "What will you worship after I die?" They said, "We will worship your god; the god of your fathers Abraham, Ismail, and Isaac; the one god. To Him we are submitters."

Geometric value of Israel, aliph = 1, Seen = 60, rae=200, yae=10, laam=30. $1 + 60 + 200 + 10 + 30 = 301$ when we concatenate this geometric value with the chapter and verse above (2:133) where Jacob alone is addressing his children we get complete multiple of 19. Thus confirming the fact that Jacob was also known as Israel.

2 133 301 which is 112279 x 19.

Chapter 2 verse 197 & Chapter 5 verse 97

30 August 2014

11:57

The Four Months of Hajj
(Zul-Hijjah, Muharram, Safar, & Rabi l)

[2:197] Hajj shall be observed in the specified months. Whoever sets out to observe Hajj shall refrain from sexual intercourse, misconduct, and arguments throughout Hajj. Whatever good you do, GOD is fully aware thereof. As you prepare your provisions for the journey, the best provision is righteousness. You shall observe Me, O you who possess intelligence.

(5:97) GOD has appointed the Ka`bah the Sacred Masjid to be a sanctuary for the people and also (Has Sanctified) Sacred Months the offerings (to the Sacred Masjid) and the garlands marking them. You should know that GOD knows everything in the heavens and the earth and that GOD is Omniscient.

*Missing words "Has Sanctified" or Tumut Qudosaho their respective gv's are 840 & 169, "to the sacred Mosque" or Ila Al-Musjid Al-Haram their respective gv's are 41, 31, 107, 31 & 248. $840\ 169\ 41\ 31\ 107\ 31\ 248\ 5\ 97 = 44219442795301644663 \times 19$ the position is 3 "Principle or rule clarified" indeed the rule is that all these entities are special sanctified by GOD. **Al-Muzzammil

So how do we know that Hajj can be observed in any of the four sacred months. (2:197) confirms that Hajj should be observed in "specific months" and (5:97) confirms that these months are "sacred months". The code confirms that these two verses are associated with each other and the common features among these verses are Hajj, and months in which it should be observed. Thus the confirms that Hajj should be observed in the four sacred months.

2 197 5 97 which is 115663×19 .

Position 3 is "Principle or Rule clarified" indeed this code with the context of these verses clarifies which months are when the Hajj should be observed.

Chapter 44 verses 10-11

30 August 2014
12:12

The Smoke: A Major Prophecy

[44:10] Therefore, watch for the day when the sky brings a profound smoke.

[44:11] It will envelope the people; this is a painful retribution.

We do not know when this will happen but we know where it will happen. It will be a volcanic eruption at Mount Krakatoa in Indonesia.

The geometric value of Krakatoa is 267;

Kaaf 20, Rae 200, Yae 10, Kaaf 20, alif 1, Tuee 9, waoe 6, alif 1 = 267 Krakatoa.

Add verses 10 + 11 = 21 above and concatenate the chapter the sum of the verses with the geometric value of Krakatoa we get complete multiple of 19;

267 44 21 which is 140759×19 .

Indonesia has the largest population of Muslims, the wrath will fall on them in future when Volcano will erupt which could bring in ice age

Chapter 18 verse 1 & Chapter 33 verse 40

30 August 2014
13:52

[18:1] Praise GOD, who revealed to His servant this scripture, and made it flawless.

[33:40] Muhammad was not the father of any man among you. He was a messenger of GOD and the final prophet. GOD is fully aware of all things.

We know from historic point of view that the Quran was revealed to Muhammad, but where does it say in the Quran.

Indeed the above two verses when concatenated with their chapter numbers are complete multiple of 19 confirming the fact mentioned in (18:1) that the Quran was revealed to God's servant who is established to be Muhammad by the virtue of (33:40);

33 40 18 1 which is 175799 x 19.

This code also confirms the fact that the Quran is the Final Testament by virtue of Muhammad being the Final Prophet who was revealed this book.

Chapter 33 verses 25-27

30 August 2014
14:05

[33:25] GOD repulsed those who disbelieved with their rage, and they left empty handed. GOD thus spared the believers any fighting. GOD is Powerful, Almighty.

[33:26] He also brought down their allies among the people of the scripture from their secure positions, and threw terror into their hearts. Some of them you killed, and some you took captive.

[33:27] He made you inherit their land, their homes, their money, and lands you had never stepped on. GOD is in full control of all things.

So what land did Muhammad conquer?

Geometric value of Baatulharaam is 751. Baatulharaam or Honourable Place is another name of Kabaa.

Add 25 + 26 + 27 = 78 and concatenate this with the chapter 33 and geometric value of Baatulharaam we get complete multiple of 19;

33 78 751 which is 177829 x 19.

Muhammad conquered Kabaa and the surrounding area.

Chapter 37 verse 8 & Chapter 38 verse 69

30 August 2014
14:16

[37:8] They cannot spy on the High Society; they get bombarded from every side.

[38:69] "I had no knowledge previously, about the feud in the High Society.

The "High Society" mentioned in (37:8) is the same "High Society" mentioned in (38:69). This code confirms that this society still exist where the Angels preside.

37 8 38 69 which is 199151×19 .

The Position is 1 "Scenario Described" indeed two scenarios of the same society one before and one after the creation of humans and all physical creation as we see it today, (38:69) and (37:8) respectively.

How many years ago was the Quran revealed

30 August 2014

16:54

Geometric value of the Quran is 382.

By purely historical point of view we know that the revelation of the Quran was completed in 632 CE therefore we take this value to be correct for the time being.

When we take away this number of years from the year when this code was found 2007 we get;

$2007 \text{ CE} - 632 \text{ CE} = 1375 \text{ years}$.

So 1375 years ago the Quran was revealed, but can we be sure?

We can be sure by using the Mathematical Miracle of 19 and the geometric value of the Quran as follows;

$382 \times 19 = 7258$ which is 201125×19 a complete multiple of 19, confirming the fact that the Quran revelations completed in 632 CE. This fact correspond to basic belief that the Quran was revealed 1400 years ago .i.e. $1375 + 23 = 1398$ which is approximately 1400 years ago. We have added 23 above because it is again a historic view that the revelations of the Quran took 23 years.

Chapter 84 verses 21-22

31 August 2014

10:40

84 21 And when the Quran is recited to them they do not fall prostrate.

84 22 This is because those who disbelieved are rejecting (the Quran).

*Missing words "The Quran" or Al-Quran gv 382. $22 \times 382 = 1178 \times 19$ **Al-Muzzammil

Geometric value of Al-Salat is 562.

When we concatenate the sum of the verses 21 & 22 and the chapter number 84 with the geometric value of Salat we get complete multiple of 19. $21 + 22 = 43$.

84 43 562 which is 444398×19 .

Thus the code confirms the prostration in 84:21 is in Salat and that Salat is from totally from the Quran. Temporal connection of Salat right most historical, indeed the Salat was practiced long time before Quran was revealed, position 8 describes issues, indeed the disbelievers made an issue of how to read Salat other than using the Quran.

Chapter 11 verses 18-22

31 August 2014
10:48

[11:18] Who are more evil than those who fabricate lies about GOD? They will be presented before their Lord, and the witnesses will say, "These are the ones who lied about their Lord. GOD's condemnation has befallen the transgressors."

[11:19] They repel from the way of GOD and seek to make it crooked, and they are disbelievers in the Hereafter.

[11:20] These will never escape, nor will they find any lords or masters to help them against GOD. Retribution will be doubled for them. They have failed to hear, and they have failed to see.

[11:21] These are the ones who lose their souls, and the idols they had fabricated will disown them.

[11:22] There is no doubt that, in the Hereafter, they will be the worst losers.

So what are the fabrications mentioned in (11:18) & (11:21)? These fabrications are Hadith;

Geometric value of Hadith is 522.

Add $18 + 19 + 20 + 21 + 22 = 100$ the verse numbers above and concatenate with the chapter 11 and the geometric value of Hadith we get complete multiple of 19;

11 100 522 which is 584238×19 .

This code confirms that Hadith is lies and fabrications. Temporal connection 11:18-22 left most true because the Quran was revealed first before the Hadith's were written. Position 8 describes issues indeed there are many issues related with Hadith.

Chapter 17 verse 107

31 August 2014
12:50

[17:106] A Quran that we have released slowly, in order for you to read it to the people over a long period, although we sent it down all at once.

[17:107] Proclaim, "Believe in it, or do not believe in it." Those who possess knowledge from the previous scriptures, when it is recited to them, they fall down to their chins, prostrating.

Geometric value of Al-Salat is 562.

When we concatenate 562 with (17:107) we get complete multiple of 19;

17 107 562 which is 900398×19 .

This code confirms that the prostration in 17:107 is the prostration of Salat, used in one of the calculations in "Salat" article confirmed here, also that salat is solely derived from the Quran. Position is 8 which is "Issues", indeed any issues regarding Salat being derived from other sources then Quran has been quashed here.

Chapter 17 verses 79-81

31 August 2014

13:04

Extra credit in Isha Salat

[17:79] During the night, you shall meditate for extra credit, that your Lord may raise you to an honourable rank.

[17:80] And say, "My Lord, admit me an honourable admittance, and let me depart an honourable departure, and grant me from You a powerful support."

[17:81] Proclaim, "The truth has prevailed, and falsehood has vanished; falsehood will inevitably vanish."

Geometric value of Al-Isha is 372.

Add $79 + 80 + 81 = 240$ when we concatenate this with the chapter 17 and geometric value of Al-Isha we get complete multiple of 19, confirming the fact that 17:79-81 is part of Isha Salat.

17 240 372 which is 907388×19 .

Chapter 10 verse 61 & Chapter 17 verse 58

31 August 2014

13:16

[10:61] You do not get into any situation, nor do you recite any Quran, nor do you do anything, without us being witnesses thereof as you do it. Not even an atom's weight is out of your Lord's control, be it in the heavens or the earth. Nor is there anything smaller than an atom, or larger, that is not recorded in a profound record.

[17:58] There is not a community that we will not annihilate before the Day of Resurrection, or inflict severe retribution upon them. This is already written down in the book.

The above two verses are talking about the same book (the book of destiny). Since God knows our future and past this book already written as mentioned in (17:58).

When we concatenate (10:61) and (17:58) we get complete multiple of 19 confirming the fact that the profound record mentioned in (10:61) is the book mentioned in (17:58);

17 58 10 61 which is 925319×19 .

Chapter 20 verses 130-131

31 August 2014

13:29

[20:130] Therefore, be patient in the face of their utterances, and praise and glorify your Lord before sunrise and before sunset. And during the night glorify Him, as well as at both ends of the day, that you may be happy.

[20:131] And do not covet what we bestowed upon any other people. Such are temporary ornaments of this life, whereby we put them to the test. What your Lord provides for you is far better, and everlasting.

The above two verses give all the times when to praise and glorify God which are 5 times within 24 hours. It is not coincidence that we read 5 Salat's a day in which we glorify and praise God. In fact the above verses are confirming the times of 5 Salat's during the day. How do we know that? We know this because of the Mathematical Miracle of 19 and code driven from these two verses and the geometric value of Al-Salat which is 562;

Add $130 + 131 = 261$ concatenate this with the chapter 20 and the geometric value of Al-Salat we get complete multiple of 19;

20 261 562 which is 1066398×19 .

The Position is 8 which is "Issues", indeed this code and verses 20:130-131 settles many issues regarding if 3 salats or five salats should be done, this verse clearly states it should be 5

Chapter 2 verse 253 & Chapter 7 verses 143 - 144

31 August 2014

13:42

[2:253] These messengers; we blessed some of them more than others. For example, GOD spoke to one, and we raised some of them to higher ranks. And we gave Jesus, son of Mary, profound miracles and supported him with the Holy Spirit. Had GOD willed, their followers would not have fought with each other, after the clear proofs had come to them. Instead, they disputed among themselves; some of them believed, and some disbelieved. Had GOD willed, they would not have fought. Everything is in accordance with GOD's will.

[7:143] When Moses came at our appointed time, and his Lord spoke with him, he said, "My Lord, let me look and see You." He said, "You cannot see Me. Look at that mountain; if it stays in its place, then you can see Me." Then, his Lord manifested Himself to the mountain, and this caused it to crumble. Moses fell unconscious. When he came to, he said, "Be You glorified. I repent to You, and I am the most convinced believer."

[7:144] He said, "O Moses, I have chosen you, out of all the people, with My messages and by speaking to you. Therefore, take what I have given you and be appreciative."

So how do we know the messenger who spoke to God in (2:253) was Moses? When we read (7:143-144) it directly corresponds to (2:253) and suggests that the messenger who spoke to God could have been Moses, but how can we be sure? Indeed we can be sure with the help of the Miracle of 19 as follows;

Add $143 + 144 = 287$ when we concatenate this with the chapters and verses mentioned above we get complete multiple of 19;

2 253 7 287 which is 1186173×19 .

The Position is 3 "Principle or Rule clarified", the global rule of the Quran is use the Mathematical Miracle of 19 when in doubt.

Chapter 5 verse 69 & Chapter 26 verses 69 & 83

31 August 2014
14:12

[5:69] Surely, those who believe, those who are Jewish, the converts, and the Christians; any of them who (1) believe in GOD and (2) believe in the Last Day, and (3) lead a righteous life, have nothing to fear, nor will they grieve.

[26:69] Narrate to them Abraham's history.

[26:83] "My Lord, grant me wisdom, and include me with the righteous.

The minimum requirement for Salvation is mentioned in (5:69) and in (26:83) Abraham pray to be with the righteous. The same righteous mentioned in (5:69). Therefore Abraham was aware of the Minimum Requirements for Salvation mentioned in (5:69). This concludes the fact that all scriptures are similar, because what was revealed to Abraham is also revealed to Muhammad in the means of (5:69). But how do we know this? Read the following;

Add $69 + 83 = 152$ concatenate this with chapters and verses mentioned above we get complete multiple of 19 confirming the fact that Abraham was aware of Minimum requirement for Salvation mentioned in (5:69);

26 152 5 69 which is 1376451×19 .

Position 1 is "Scenario described" indeed in the above verses there are two scenarios of the same thing that is the Revelations to Abraham first scenario and Revelations to Muhammad second scenario talking about the same thing Minimum Requirements for Salvation.

Chapter 17 verses 26 - 28 & Chapter 6 verse 141

06 September 2014
09:55

Zakat Must Be Given "On The Day Of Harvest"

[6:141] He is the One who established gardens, trellised and un-trellised, and palm trees, and crops with different tastes, and olives, and pomegranate - fruits that are similar, yet dissimilar. Eat from their fruits, and give the due alms on the day of harvest, and do not waste anything. He does not love the wasters.

[17:26] You shall give the due alms to the relatives, the needy, the poor, and the traveling alien, but do not be excessive, extravagant.

[17:27] The extravagant are brethren of the devils, and the devil is unappreciative of his Lord.

[17:28] Even if you have to turn away from them, as you pursue the mercy of your Lord, you shall treat them in the nicest manner.

The people who followed Dr Rashad Khalifa accept that the verse (6:141) is to do with distribution of Zakat. Based on the fact that this verse has a word "alms" which in old English means "giving of Charity". Thus they associate this verse to do with Zakat (Obligatory Charity). However, (17:26) uses the same word "alms", but the same people the followers of Dr Rashad Khalifa do not accept that this verse is to do with Zakat.

The following code confirms strong correlation between (6:141) and (17:26-28) and the word "alms" used in both sets of verses has the same meaning i.e. Zakat.

Add $26 + 27 + 28 = 81$ when this number is concatenated with chapter 17 and (6:141) we get complete multiple of 19;

6 141 17 81 which is 3232199×19 .

Chapter 26 verse 196 & Chapter 61 verses 6 - 7

06 September 2014

10:14

[26:196] It has been prophesied in the books of previous generations.

Jesus prophesises the Advent of the Quran (a messenger)

[61:6] Recall that Jesus, son of Mary, said, "O Children of Israel, I am GOD's messenger to you, confirming the Torah and bringing good news of a messenger to come after me whose name will be even more praised (Ahmad)." Then, when he showed them the clear proofs, they said, "This is profound magic."

[61:7] Who is more evil than one who fabricates lies about GOD, and he is being invited to Submission? GOD does not guide the evil people.

* $456 = 24 \times 19$. (61:6-7) $61 + 6 + 7 + 382 = 456$; gv of the Quran is 382. Position 4 describes act of righteousness. Indeed Quran is full of righteous teachings. "Messenger" after Jesus more praised then Jesus is the Quran. **Quran

Verses (26:196) is talking about the advent of the Quran mentioned in the previous scriptures and (61:6) confirms this fact by informing us that Jesus did prophesise the advent of a messenger the Quran which will come after him which will be more praised then him.

Indeed the knowledgeable know how powerful the Quran is, which acquire more praise then Jesus.

61 6 26 196 which is 3243484×19 .

This code confirms the relationship of (26:196) and (61:6).

Chapter 43 verse 30 & Chapter 74 verses 30-31

07 September 2014

13:58

[43:30] When the truth came to them, they said, "This is magic, and we are disbelievers therein."

The Quran's Common Denominator

[74:30] Over it is nineteen.

[74:31] We appointed angels to be guardians of Hell and we assigned their number (19) (1) to disturb the disbelievers (2) to convince the Nazarenes and Jews (that this is a divine scripture) (3) to strengthen the faith of the faithful (4) to remove all traces of doubt from the hearts of Nazarenes Jews as well as the believers and (5) to expose those who harbour doubt in their hearts and the disbelievers; they will say "What did GOD mean by this allegory?" GOD thus sends astray whomever He wills and guides whomever He wills. None knows the soldiers of your Lord except He. This is a reminder for the people.

*Rashad has largely interpreted this verse, things like 'Nazarenes and Jews', '(19)' and wordings like '(that this is a divine scripture)' are not included in the Arabic text. My purpose here is to find out if these interpretations are correct. And the way I will do it is that I will code and numerically check these interpretations, if they are incorrect than they will not numerically be verified, if not than they will be verifiable. First the mentioning of Nazarene and Jews. The original Arabic text talks about book so if we take gv of Torah and Ingeel (Gospel) and add it to chapter and verse; $1036 + 94 + 74 + 31 = 1235 = 65 \times 19$. This confirms the mentioning of "Nazarenes and Jews", next the words "that this is the divine scripture" or Ana Hada Ho Al-Kutoob Al-Ilihiyah their respective gv's are 51, 709, 14, 31, 422, 31 and 423. And the number "(19)". $51 + 709 + 14 + 31 + 422 + 31 + 423 + 74 + 31 + 19 = 1805 = 95 \times 19$. The dividend 95, itself is $95 = 19 \times 5$. These codes prove that Rashad's interpretation was correct. **Al-Muzzammil

The word "magic" used in (43:30) in this context mean "the power of apparently influencing events by using mysterious forces". Indeed when Al-Muzzammil showed proofs by using Mathematical Miracle of 19, the followers of Dr Rashad Khalifa ran away a mile and did not want to believe in it.

Indeed the following code will confirm that indeed these proofs are not magic but are part of the Miracle of 19 as described in (74:30-31);

74 61 43 30 which is 3927070×19 . The 61 is sum of verses $30 + 31 = 61$.

[43:29] Indeed I have given these people and their ancestor's sufficient chances then the truth came to them and a clarifying messenger.

*(43:29-30) & (73:1) the messenger in question is Al-Muzzammil; $73\ 1\ 43\ 29\ 30 = 38496470 \times 19$ who was denied by the disbelievers as a messenger because they only wanted to believe in Muhammad or Rashad only. **Al-Muzzammil

[43:30] When the truth came to them they said "This is magic and we are disbelievers therein."

Chapter 106 verses 1-4 & Chapter 111 verse 1

07 September 2014

14:22

[106:1] This should be cherished by Quraish.

[106:2] The way they cherish the caravans of the winter and the summer.

[106:3] They shall worship the Lord of this shrine.

[106:4] For He is the One who fed them after hunger, and provided them with security after fear.

[111:1] Condemned are the works of Abee Lahab, and he is condemned.

We know that Abee Lahab was Muhammad's Uncle now we confirm that Muhammad's family came from Qurashi tribe.

Add $1 + 2 + 3 + 4 = 10$ concatenate this with chapter 106 and (111:1) we get complete multiple of 19;

106 10 111 1 which is 5584269×19 .

Chapter 10 verse 93 & Chapter 106 verses 1 - 4

07 September 2014

14:29

[10:93] We have endowed the Children of Israel with a position of honour, and blessed them with good provisions. Yet, they disputed when this knowledge came to them. Your Lord will judge them on the Day of Resurrection regarding everything they disputed.

[106:1] This should be cherished by Quraish.

[106:2] The way they cherish the caravans of the winter and the summer.

[106:3] They shall worship the Lord of this shrine.

[106:4] For He is the One who fed them after hunger, and provided them with security after fear.

The following code confirms that the tribe Quraish is part of The Children of Israel, and we know that today's Arab has descended from this tribe, thus this verse is addressing today's population and warning them to believe this fact unless they want to be judged on the Day of Judgement about the

disputes they are having (in Palestine for example). Because once they accept the Jews and Arabs are both from the Children of Israel they would then not kill each other and any dispute would end.

Add $1 + 2 + 3 + 4 = 10$ concatenate this with Chapter 106 and (10:93) we get complete multiple of 19;

10 93 106 10 which is 5753190×19 .

Chapter 12 verse 9 & Chapter 46 verses 15-16

07 September 2014

14:44

Joseph's Brothers knew the age of Responsibility

[12:9] "Let us kill Joseph, or banish him, that you may get some attention from your father. Afterwards, you can be righteous people."

40: The Age of Decision

[46:15] We enjoined the human being to honour his parents. His mother bore him arduously, gave birth to him arduously, and took intimate care of him for thirty months. When he reaches maturity, and reaches the age of forty,* he should say, "My Lord, direct me to appreciate the blessings You have bestowed upon me and upon my parents, and to do the righteous works that please You. Let my children be righteous as well. I have repented to You; I am a submitter."

[46:16] It is from these that we accept the righteous works, and overlook their sins. They have deserved Paradise. This is the truthful promise that is promised to them.

When Joseph's brothers made decision to banish Joseph they were aware of the age of responsibility to be 40 years old.

12 9 46 15 16 which is 6813764×19 .

This code confirms that the basic Islamic fundamentals have not changed.

Chapter 17 verse 12

07 September 2014

14:54

[17:12] We rendered the night and the day two signs. We made the night dark, and the day lighted, that you may seek provisions from your Lord therein. This also establishes for you a timing system, and the means of calculation. We thus explain everything in detail.

There are 365 days in a Solar year and 24 hours in a Solar day.

(17:12) suggest that day and night are timing device, indeed when we concatenate the days in a year and hours in a day and night with the chapter and verse (17:12) we get complete multiple of 19;

365 24 17 12 which is 19223248 x 19.

Position 8 describes "Issues", indeed some people object and say only Lunar Years and days are Islamic. However this code confirms that Quran confirms Solar year and hours in a day.

Chapter 10 verse 61

07 September 2014

15:32

God and Angels are the witnesses

[10:61] You do not get into any situation, nor do you recite any Quran, nor do you do anything, without us being witnesses thereof as you do it. Not even an atom's weight is out of your Lord's control, be it in the heavens or the earth. Nor is there anything smaller than an atom, or larger, that is not recorded in a profound record.

Geometric value of Allah (God) 66.

Geometric value of Angels 536.

When we concatenate these two geometric values with the chapter and verse (10:61) we get complete multiple of 19, confirming the fact that the "witnesses" mentioned in (10:61) are God and Angels;

536 66 10 61 which is 28245319 x 19.

Chapter 2 verse 34

07 September 2014

15:40

[2:34] When we said to the angels, "Fall prostrate before Adam," they fell prostrate, except Satan; he refused, was too arrogant, and a disbeliever.

Geometric value of Allah (God) 66.

Geometric value of Al-Insaan (Human) 193.

Geometric value of Adam 45.

When we concatenate these geometric values with the chapter and verse (2:34) we get complete multiple of 19, confirming the fact the "We" in this verse consist of these three entities;

2 34 193 45 66 which is 123259714 x 19.

The temporal connection is consistent chapter and verse number left most which mean they are more recent and indeed the Quran has been revealed more recently then the episode described in this verse. And then human came earlier then the revelation of the Quran, Adam before that and God was present before that.
